I. Using the Catalog

This general information introduces the American University in the Emirates (AUE) and its programs covering topics such as Admissions, Registration, Comprehensive Foundation, Bachelor Degree, and Masters Requirements, Tuition and Refund Policies, Instruction and Assessment Methods. Efforts are made to ensure that the information provided in this catalog is accurate. AUE will inform students if any changes are deemed necessary to implement due to exceptional circumstances.

This catalog is a contract between AUE and the current and prospective students. The Catalog contains course information, academic policies, study plans of the various academic programs, and description of the courses offered at AUE.

II. Accreditation

The American University in the Emirates was officially licensed as of July 1st, 2006 by the Ministry of Higher Education and Scientific Research (MOHESR) of the United Arab Emirates to award accredited degrees. The Commission for Academic Accreditation of the MOHESR licenses AUE to award degrees and accredits all programs offered by the University. The American University in the Emirates has been granted re-licensure by the Commission for Academic Accreditation effective 26th September 2012.

III. Brief History

The AUE has grown into a highly regarded university in a short span of time. The University has established itself as a premier institution offering quality accredited academic programs. The Vision of AUE is to prepare exemplary leaders, scholars and practitioners in a range of disciplinary fields so that the young graduates, from the United Arab Emirates and abroad, are enabled to become lifelong learners in their chosen professional field.

The ambitious goals that were drawn up in 2007 in pursuit of a quality education with measurable outcomes have added several dimensions to its prior structure. At present, the University has seven Colleges: College of Business Administration (COBA), College of Computer Information Technology (CCIT), College of Education (CEDU), College of Design (CDES), College of Media and Mass Communication (CMMC), College of Security and Global Studies (CSGS) and College of Law (CLAW).

The Founders of AUE believe that the academic freedom is an essential principle underlying the achievement of the University's goals. Academic freedom is based upon the creation of an institutional environment that offers unrestricted exchanging of ideas and information, and the promotion of liberal, educated discourse on all academic matters. Academic freedom allows faculty members the autonomy to conduct their teaching and research duties and commitments, and pursue their responsibilities. Faculty members are entitled to complete freedom in responsibly pursuing their duties in teaching, preparing courses material, discussions, publications, and evaluating students' work, free from internal or external restraints that would restrict their academic endeavors.

The University has committed itself to develop and sustain its faculty members in a long-term initiative, which encourages faculty development and excellent performance. This provides a basis on which faculty members can engage their students in a best-practice teaching and learning environment which is conducive to enhanced international understanding allowing students to meet the requirements of an ever-challenging world. The technology

of the current millennium requires that knowledge is supplemented by institutional and individual efforts to encourage international peace and stability, and greater human understanding, using tools such as negotiation, partnerships and agreements.

To ensure that an environment of trust and confidence is prevailing, the AUE now has a well-educated faculty, committed to student teaching and learning, state-of-art facilities, and accredited university partners, resulting in an ever-growing number of students. This continuing trend reflects the cultural richness of the society, the growing knowledge of the people, the applied learning of the population, and the use of new technologies that enhance the quality of life.

In meeting the above requirements, all universities and colleges seek to offer accredited undergraduate and graduate programs. The American University in the Emirates focuses on contemporary issues and imparts knowledge to its students effectively, so as to encourage continuing personal growth, meet employment market expectations, and allow its graduates to rise to the challenges of the 21st Century.

The AUE has emerged as a national leader in professional education. Stakes are shared by the students and the teacher-scholar community as knowledge-takers and knowledge-imparters respectively. It is noteworthy that the majority of the programs in each department are planned in a comprehensive manner to allow practical exposure. The AUE remains committed to excellence in teaching, learning, research, community service, and to the implementation of its Vision and Mission.

Being a standard American educational institution, AUE never fails to preserve the Culture and values of the United Arab for students seeking to penetrate the market of professionalism, AUE is one of the best choices. Coursework in the proposed Colleges of AUE is designed to prepare graduates to foster innovation, collaborate effectively, and assume leadership roles within diverse organizations.

Vision statement

AUE is dedicated to be one of the leading higher educational institutions, providing an integrated pathway for students to become creative, effective and productive members of the UAE and the regional communities.

Mission Statement

IV. Campus

1. Campus services

AUE provides a broad selection of services and facilities to the students starting from the on-campus to the off-campus facilities. The Department of Student Affairs has a vital role in the campus life and activities.

AUE has well-resourced facilities designed to create a welcoming environment that allow students to be engaged smoothly in the university life.

Located in the main entrance of block 6 and in the main lobby of each floor in AUE campus, the reception desks are for general inquiries and information about AUE. Queries about General Services are: lost and found and transportations, both available in the main entrance of block 6.

1.5 Parking & Transportations

AUE provides a large space of free parking lots for the students, faculty, administrative staff, and visitors.

Beside the parking lots facility, AUE transportation service is offered for the students upon their request. The student shall contact the General Services Department for the shuttle bus services which are provided to the Emirates of Dubai and Sharjah only.

1.6 Vending Machines

Vending Machines are available in every floor within the campus.

1.7 AUE Bookstore

AUE has its own bookstore in the ground floor of the campus. It provides students with all the necessary resources like books, text books, and documents needed to have an academic assistance.

1.8 AUE Library

Located in the third floor of the campus, block 7. The Library facilitates learning in a very productive environment and a peaceful, quiet space for all students.

1.9 AUE Copy Center

Located in the ground floor of Block 6 in the campus, the AUE Copy Center facilitates faculty, staff members and students' needs related to printing, documentation and lamination, inter alia, which are reasonably affordable.

1.10 Cards (AUE Membership)

Students should request their AUE ID cards upon registration from the Admission & Registration Department located in the second floor of Block 6. AUE ID cards must be available with the student all the time. Students cannot enter the final exams without their IDs.

1.11 Dining Services

The Food Court is located within the AUE Campus under the authority of the Dubai International Academic City (DIAC) authority. There are many international restaurants and coffee shops which offer delivery service within the Campus.

1.12 Mini-Market

The mini-market is located outside AUE campus.

1.13 AUE Prayer Rooms

Male and female Prayer Room are available for students, AUE employees and visitors. The prayer rooms are located on the second floor of Block 7.

1.14 Lost and Found Services

The Lost and Found services are available at the General Services Department located in the ground floor of Block 6. Lost and Found services are responsible for the items found within the campus. Lost and Found Items will be kept in the General Services department and can be collected anytime.

1.15 AUE Security

Security is part of the General Services offered by AUE. Security men are the authorized guards/agents on campus. They secure and monitor the entire campus 24/7, including campus halls and University buildings. The security ensures the safety and the security of students, faculty and staff members during their presence in AUE campus. In case of any type of violation or incidence, they have the right to report it.

1.16 Health Services

An ambulance is available 24/7 in front of the entrance of block 6. It provides necessary medical care to students, faculty and administrative staff members in case of emergency. If needed, free transportation to hospital will be offered. AUE also provides insurance that covers accidents that may take place on campus.

1.17 ATM Machines

ATMs are located in the open-area beside the Food Court.

1.18 Publications

AUE students and faculty members periodically publish a newsletter filled with informational articles about current affairs on campus. Interview techniques, job search, resume preparation and career planning can be found in the newsletters which include information regarding activities and events in the American University in the Emirates. The publications of the newsletter are the responsibility of the University Council.

2. Facilities and resources

2.1 Online Admission

The university provides online admission service with quick response and close follow up till the applicant finish the initial requirement. However, students need to visit the university campus to proceed with the entry essay writing and admission interview.

2.2 Online registration

Students have access to course schedule and have the possibility of registering courses based on study plan available on student portal. Students are still advised to meet with their academic advisors to validate their course registration.

2.3 The Library

The library is key resource in the educational and research process at the AUE. With the introduction of The Integrated Library and Information Management System (ILIMS) that automates all AUE library activities, AUE library became a national leader in the implementation of the modern technologies and industrial standards, and in putting into everyday practice the latest informational products and new types of library services.

Providing easy and convenient access to information by both student and faculty is the major function of the library, as defined in its mission statement: The mission of the AUE Library is to provide quality services, learning resources, and information literacy programs in support of students, faculty, and the general information needs of the diverse community.

Over a period of only 8 years the library managed to develop a core collection of 11,960 volumes. As the language of instruction at the AUE is English, 7,588 of the books are in English, while the rest are in Arabic and some other languages (when the book is of high academic quality and it is not translated in English). For the last five years (2010 – 2015) years the library holdings have been developed at a high and steady rate, and the number of the new books, acquired by purchasing or donations, for that period amounts to 7,500, so the average yearly collection growth is 1,500 new volumes. With the introduction of the electronic

format as a valid format for scholarly communication, the library started to acquire full-text electronic journals, aggregated in different vendors' databases: EBSCO Host on-line containing 11 subject databases; ProQuest – a database containing full-text e-journals in all subject areas; JSTOR – containing 4 subject collections of the full run of 400 leading journal titles in humanities and social sciences; Ebrary, a database for on-line E-books, Web of Science, and Encyclopedia Britannica.

The total number of the original electronic journals titles is more than 19,700. All the journals titles, regardless of format, retrospectively go back to 15 years at minimum. Most of them are present in the databases with their full runs, and the access to their content is provided through print and electronic indexes, which give the readers the opportunity to search by various options – author, titles, ISSN, key words, subjects and periodicals titles.

2.4 Computer Laboratories

The American University in the Emirates provides students with access to its computer laboratories for experimental learning purposes. Either computer labs or special labs, students are encouraged to have hands on experience through practicing the course assets through these specialized labs.

I. Academic policies and regulations

Academic Integrity

Plagiarism

Students shall submit a work which must be the result of their own efforts. References, quotations, ideas or data if ever used should contain a proper acknowledgment of the sources without exceeding the percentage set by the course instructor.

Inappropriate collaboration

AUE does encourage collaborative learning through class discussion, group presentation and research which is a method often used by instructors. However, students should distinguish between shared learning that should be guided by the course instructor and collaboration in working on assignments, projects, exams or any course work which should be individual. All instructors will guide students through the process and limitation of course collaboration. The instructor has the authority to take disciplinary actions against any proved inappropriate shared work.

Impersonation

Impersonating another student's identity in examination, class attendance, course work submission or presentation will make students bear the disciplinary measures.

Cheating / Academic dishonesty

The American University in the Emirates (AUE) seeks to ensure that student assessment processes are reliable, and that students are strongly encouraged to learn. AUE's cheating policy aims at protecting the University's academic integrity which is based upon the certain core values as Honesty, Trust, Fairness, Respect and Responsibility. These values apply to all academic activities required for degree program completion.

Cheating or academic dishonesty will not be tolerated at all. Students found guilty will have to accept the consequences,

as stated below.

Definition of Cheating

Cheating is actual or attempted act of deception to secure unfair or lawful gain for the purpose of getting credit or grade on any assessment required from the course. This includes but not limited to the following:

1. Taking information from another student when completing an assignment of any kind to be evaluated. The detection may occur during an examination or in the exam grading process.
2. Submitting an assignment or project that was done and submitted by another student either in the current or previous academic year.
3. Submitting projects or research with fabricated results or evidence.
4. Impersonate a student identity (which means allowing another person to sit for the exam instead of the concerned student).
5. Faking or changing any academic record.
6. Faking or submitting any false medical, academic or any kind of reports required by any unit of the University.
7. Attaining any exam (quiz, midterm or final) prior to the examination date either by bribery, conspiracy, robbery or any other inappropriate means.
8. Assisting any other student in cheating.
9. Using a headset, mobile telephone, IPod or any electronic device during the exam.
10. Talking to another student during the examination process.
11. Using unauthorized material to copy during examination, such as papers, books or phones.

NB: Any cheating offence may be detected either by the Proctor or the Instructor during the examination process.

Procedures

All instructor's/ faculty member in charge of the course shall ensure that all course work assessment is conducted fairly. If an offense of cheating was proved against a student during any course work, the case shall be reported to the college dean and the department of student affairs.

The below penalties shall be applied accordingly:

- Academic: Zero grades will be given to the assessment.
- Discipline: A Warning letter will be given and the student (s) referred to the Department of Student Affairs (record will be kept there).

Since the final exam is not conducted in the regular classes, cheating reports shall be submitted by the proctors to the exam committee. The Vice President for Enrollment

Management will form a Disciplinary Committee to review the case. The Department of Student Affairs will inform the student that he/she has allegedly been caught cheating.

Penalties:

If student(s) is proven guilty, the following will be the penalties:

First offence: students will get zero (0) on the exam/ assignments/project etc. They shall be put in an academic probation for one regular semester and be part of a community project within the university before the of that Academic Year.

Second Offense: students will fail the course he/she is currently enrolled in and get “XF” grade. Students shall get suspended for one semester that might include irregular semester (summer).

Third Offense: students shall be dismissed from the University with immediate effect with failing in ALL courses he/she are enrolled and receiving “XF”. The students have the right to receive upon request a transcript with academic dismissal.

All penalties shall be accompanied with documented warning letters to be kept in students’ file

Appeal:

Students have the right to appeal for decision made by the Discipline Committee. An Appeal Committee should be formed by the Provost office in order to review the case and arrive at a final decision.

II. Student records

1. Definition of student records

Submitted documents by the student, such as transcripts from a previous university, high school certificates, diplomas, English proficiency scores and other academic records are considered the property of AUE and maintained by the Admission and Registration Department. However, student records can also be accessible through their Academic and Career Advisors.

AUE student records are confidential and therefore only accessible to specific AUE Personnel, Units, Offices, Governmental entities, Accredited/audit agencies reviewing AUE programs.

Two main AUE departments hold records of all students. The Admission and Registration Department maintains information pertaining to students’ enrollments (registration) and their official academic records (admissions application, test scores, letters of recommendation, copy of academic record, notes (if any) made by academic counselors, information on honors awarded and/or academic discipline imposed and similar items). The Financial Affairs

Department also maintains information about charges assessed and payments made to students’ accounts.

2. Student’s privacy right

Students may:

- Access and review information reflected in their educational records. AUE is not required to deliver any copies of these documents.
- Notify and request updates of their profile and database for their phone number, home and email address.
- Agree to any disclosure of personal information of educational records, in accordance with UAE federal and local laws. AUE reserves the right to release students’ information and academic records to an immediate guardian and sponsor, if any.

3. Student records policy

The following are the policies which administer the access, preservation, audit and the final record handover to the students:

- a- A designated AUE Staff member is accountable for no more than one specific type of student record and only that person is authorized to release the record.
- b- AUE personnel who need information from students’ records for certain reasons, can obtain them from the responsible department or staff who are listed among the authorized persons to access these records.
- c- Students’ records are regularly assessed and updated. Any alteration of specific records must be reported.
- d- Students are entitled to check their own records and may obtain a copy of a payment record upon request. It is understood that this provision excludes medical and counselling records, in addition to, records that have been waived by the student.
- e- A filed documentation of students’ records relevant for advising is made available to the student’s Advisor who usually keeps the file. This file may also be accessible in the related Academic Department Office for other purposes. When the student changes Majors or Advisors within the same field, their records are handed over to the next Advisor
- f- Medical and counseling records will be delivered to any external medical or psychological entity or to AUE Staff upon a written request from the student.
- g- All AUE Staff, who are in possession of students’

records, are not permitted to deliver them to outsiders, unless authorized in writing by the student.

- h- Records of requests and disclosures of private information are secured by the staff member responsible for the custody of students' records.
- i- Ordinary information that would be published in a newsletter, a student directory or any other materials, can be released by AUE without seeking the student's consent. These include: student's name, home address, email address, major field of study (including degree program(s), fields, Major(s), Minor(s), year of study, awards and honors, participation in officially recognized activities and sports, weight and height of members of athletic teams and all related information. Students may request that the Registration and Admission Department and/or the Students Affairs Department withhold their information.
- j- Students' photographs may be used occasionally for AUE publications, with the consent of the student.

4. Retention of student records

The educational records of all enrolled students are maintained by the Admission and Registration Department.

Duration of holding student records:

- Student records are kept for 5 years after the date of graduation, withdrawal or dismissal from the University.
- Visiting student records are kept for one year after the last attended semester in the University.

Documents to be maintained electronically before disposable:

- Academic qualifications (High school, Bachelor degree, Diploma)
- Transcript records of previous attended universities/institutes.
- English Proficiency Test (TOEFL/IELTS).
- Entry exam (interview/essay).
- Student identification: (passport/Emirates ID card)

Record disposal:

- All the above student documents will be shredded under controlled conditions.

5. Holding of student records

In case of academic violations, financial requirements or not meeting the academic evaluations carried out by departments during a given semester, students' records status will be set on hold, and it's their responsible for clearing their own status. Remaining on a 'hold' status will affect a student's grades, transcripts, registration, accounts

receivable and graduation.

III. Registration

1. Orientation Program

New students are encouraged to attend the Orientation Program prior to their registration. The Orientation Program allows students to:

- a- Be introduced to AUE academic life.
- b- Gain information on the general academic policies and regulations.
- c- Socialize with peers.
- d- Meet the faculty members and administration staff of AUE.
- e- Discuss relevant issues as a new student.
- f- Gain information on the University facilities and services.
- g- Go on campus tours and visit the departments.

With the assistance of the Students Affairs Department, each college/department organize an orientation for their students to allow them to familiarize themselves with the college study plan, requirements, regulations and any other academic issues.

Students who fail to attend their Orientation Program will miss crucial information relevant to their journey at AUE, which provides updates concerning all campus-wide or program issues and changes each year.

2. Academic advising

AUE believes that the process of academic advising develops life and career goals through continuous and multifaceted sequential and logical steps taken by the students and their advisors, which develops student growth. A student can build a personal plan for education and career commitment with the help of the Academic Advisors.

Students are assigned Academic Advisors, who are full-time faculty members in the area of the student's specialization, to assist them through course selection, schedule planning and approving the final course schedule. However, it is the student's responsibility to select the courses to be registered each semester in respect of the course prerequisite. In accordance with academic policies and procedures, AUE requires Academic Advisors to meet with students at least once every semester.

Goals of Academic Advising:

- a- Help students to determine their goals according to their capabilities, skills, concerns, career and educational interests and job markets.
- b- Help students to select courses and determine their educational plans according to their goals and career interests.
- c- Help students develop their decision-making skills.

- d- Provide useful information to students on programs, resources, procedures and policies.
- e- Assist students in connecting with institutional services.
- f- Help students evaluate their educational plans and career goals.

3. Registration procedures

With the assistance of their Academic Advisors, students should register before the beginning of each semester, and comply with the policies and procedures related to the registration, which involve the following main phases:

- Academic advising.
- Selecting courses and registering courses online.
- Payment of tuition fees.

However, visiting and exchange students must register for their courses at the office of the Registrar. Freshman and transfer students are advised to meet with their respective Academic Advisor to select their courses prior to registering for courses online.

In order to register for courses earlier, all students are required to complete the course evaluation prior to registering for any course in the following semester.

credit hours (four courses) per semester.

The total number of credit hours and academic period to be successfully completed by a student is dependent on the degree awarded and as follows:

Type of Academic Degree	Total Number of Credit Hours Required	Academic Period of Degree Completion		
		Minimum (Semesters)	Normal (Semesters)	Maximum (Semesters)
Master	30 - 44	3	4	6

4. Exchange student (outgoing students)

Requirements

- a- Students must meet current admission rules applicable to foreign students with regard to immunization requirements, insurance requirements and availability of adequate funding.
- b- Students must be nominated by AUE to partner institution.
- c- Student should be regular student of AUE, to which they should pay whatever fees they are required to in order to be registered to the partner institution.
- d- Student must be fluent in English.
- e- Student must be having a CGPA of not below 3.0
- f- For undergraduate program should have completed the first year of study at AUE.
- g- Undergraduate student can spend one semester at any partner institution with a total of no more than 15 credits.

Graduated students are given the priority to register for courses in the case of limited seats, and the University reserves the right to withdraw students from courses they repeat in order to give opportunity to other graduated students and students taking the course for the first time.

Students are required to comply with the following registration steps:

1. Students should start reviewing their academic program and their study plan.
2. Students should plan to meet with their Program Director and review the offered courses in order to choose the right courses and complete the online registration procedure.
3. The Program Director will keep a signed copy of the student's course registration to retain in the student's file.
4. Students must proceed to the Financial Affairs Department to settle their financial dues within five days, otherwise, the selected online courses will be cancelled and students would be required to re-register for the courses.

Course load

A regular full-time student may register maximum of 12

- a- Tuition fees to be paid by the student to the AUE per the fee policy and number of courses they opted for, unless otherwise specified as per the affiliation agreement with partner institution.
- b- Student should pay all other costs, such as application fee, visa, accommodation, meals, transport, health insurance, library card, student association, etc. to the host institution/ partner institution.
- c- Partner institution will grant them a tuition waiver depending with the agreement between AUE and the partner institution.

Admission Requirements

Student must:

- a- Submit an application file including transcripts at Undergraduate level and a motivation letter explaining why they want to join the program.
- b- Taking a personal interview with a full time

Fees accommodation & travelling expenses

representative of the partner institution prior to admission.

5. **Transient student**

AUE graduate students may choose to undertake courses at other UAE universities or abroad to complete their courses; abiding by the following conditions:

- a- The student should justify the reason for taking the course outside AUE to the Academic Advisor, Program Director, College Dean and the Registrar and explain whether:
 - The student is graduating.
 - The University is not offering the said course.
 - Graduation plan of the student is affected.
- b- Students should submit the duly approved Transient Student Form, upon approval from the VPAA/Provost, College Dean, Program Director, Academic Advisor and the Registrar for taking the course outside AUE.
- c- The VPAA/Provost, College Dean, Program Director, Academic Advisor and the Registrar should ensure that the proposed university in which the course is taken, whether in the UAE (American University of Sharjah, American University of Dubai, Abu Dhabi University and UAE University) or abroad (Universities approved by the UAE Ministry of Higher Education & Scientific Research (MOHESR) or the Universities that AUE has a partnership with, are duly approved by AUE.
- d- The Internship/Capstone /Practicum Courses are not allowed to be taken outside AUE.
- e- The learning outcomes and the syllabi of the courses taken at any other university should match an appropriate manner with the one offered by the AUE.
- f- The student should obtain prior approval and an official letter from the Registrar, should they decide to take any courses outside the University.
- g- The student should submit a letter of acceptance, duly stamped from the host university, with the official syllabi to registration within a week of approval of the student's application.
- h- Students should earn a minimum Grade of "B" for the courses to be considered.
- i- The chosen course should not be a repeated course.
- j- The student must provide the official transcript for the course in order to receive credit.

6. **Add/drop**

Upon the approval of their Academic Advisors and Program

Directors, students are allowed to add and/or drop courses during the add/drop period as published in the Academic Calendar.

Dropped courses will not be recorded in the student transcript, and the tuition fees will be recalculated accordingly with no charges of add/drop.

7. **Administrative Drop**

A student will be administratively dropped by AUE officials from one or more classes or withdrawn from all classes for various reasons. Among those are:

- » Failure to pay tuition and fees on time.
- » Class cancellations.
- » Failing to meet the specific academic requirements of the degree program.

8. **Class Attendance policy**

Students' attendance is recorded for their own benefit. It is strongly recommended that students be assiduous in attending and participating in class activities. Instructors should keep records of their students' attendance and may request them to justify their persistent absences and lateness.

The attendance policy should be clarified to the students during the first class meeting. Attendance requirements depend on the nature of the course and may be imposed by the instructor for specific courses. Attendance is particularly essential for participation courses, where the student is expected to actively participate through discussion or written assignments.

Students with poor attendance records will receive attendance warnings in the following manner:

1st Warning: For 10% absence of the total class hours per semester.

2nd Warning: For 20% absence of the total class hours per semester.

3rd Warning: For 25% absence of the total class hours per semester, and will receive an "FA" "Failed due to Absence" grade for that particular course.

9. **Course withdrawal**

Students who cancel a course after the add/drop period can withdraw from the course by submitting the Course Withdrawal Form to the Registration Department along with the signature of the Academic Advisor, Program Director, College Dean, Registrar and Provost. If the withdrawal occurred before the Midterm exams period, a grade of "W" will be recorded in the student transcript without any academic penalty and the refund policy will apply as per the refund calendar.

Starting from the first day of the Midterm exam until the last day of classes, any student who withdraws from a course will receive a grade of "WF" which will be recorded

in the student's transcript and will affect the student's GPA. However, If a student submits an official document (medical report, serious health conditions, official work commitment) to support their request to withdraw from a course during the Midterm exam period and until the last day of classes,

their grade may be recorded as "W" instead of "WF" upon approval from the College Dean, Registrar and Provost.

Refund Policy Calendar (*)

100% refund of course fee	Withdrawal from a course within 7 days after the last day of add/drop period
75% refund of course fee	Withdrawal from a course within 14 days after the last day of add/drop period
25% refund of course fee	Withdrawal from a course within 28 days after the last day of add/drop period

Above 28 days after add/drop period no refund course fee is granted to students.

(*) The full refunded amount is only credited on the student account and no cash is given unless a student is withdrawing from the University or graduating

10. Withdrawal from the University

In order for students to withdraw from the University, they need to visit the Registration Department and complete the "Withdraw from the University Form" and the "Final Clearance Form". Prior to submitting the forms, students shall meet with the College Dean, Guidance and Disability Center and Department of Student Affairs to discuss the reason(s) for withdrawal from the University and if any additional support can be provided to the student. According to the Academic Calendar, the withdrawn courses registered during the semester in which the withdrawal occurred, will be recorded as "W" or "WF". However, the refund will apply as per the above Refund Policy Calendar. If a student wishes to return back to AUE, they need to reapply and be readmitted. Any new admission requirements and tuition fees will also apply.

reasons approved by the VPAA/Provost, students may exceed three non-consecutive semesters of absence under strict regulations:

- a- Student should write an official letter for reason(s) of deferment.
- b- Student must reregister and obtain a new Registration ID number.
- c- Student must pay the admission fees again.
- d- The course taken before at AUE can be transferred.
- e- New admission requirements if any will apply.
- f- The current tuition fees will apply.
- g- The duration of absence will be included in the program duration
- h- Any course the student attends at another institution while he/she is away from the University will not be transferred.

11. Deferment regulations

Students may take some time off from their studies as they are eligible for a leave for two consecutive semesters or three non-consecutive semesters during the whole period of their study at AUE.

Students who are seeking to postpone the semester must notify the Registration Department, fill the required "Deferment Form" and submit it to the Registration Department. In case of emergency and where the student is unable to come in person to the university to submit the required form, a family member/friend may apply for the deferment on their behalf upon receiving a signed authorization letter from the student.

Failure to follow the process of deferment, the student will automatically be dropped from the university due to the absence from more than one academic year.

During the sixth week period at the start of the semester, a student can postpone studying upon the approval of the Academic Advisor and receive a "W" grade.

In the case of medical reason or some special and valid

12. Grading system and academic standing

Grading system

The grading system of AUE is designed to:

- a- Assess and recognize a student's performance within a specific course.
- b- Provide evaluation that helps the instructor decide on the relevance of other courses, programs, or further education.
- c- Reinforce students' passion for learning.
- d- Advise prospective sponsors on student performance.

Grades Description

- A Exemplary

Indicates original and independent work and a thorough mastery of the subject matter/skill; the achievement is so outstanding that it is normally attained only by a few students doing truly exemplary work.

▪ **B, B+ Very Good Work**

Indicates clearly that an adequate competence in the subject matter/skill; there is achievement of quality higher than adequate, but not of excellent quality.

▪ **C, C+ Adequate Work**

Indicates that classroom work, outside assignments, and examinations have been completed at a level indicating competence in the subject matter/skill.

▪ **F Unacceptable Work**

A failing grade Indicates achievement that fails to meet the minimum requirements of the course and is clearly below University quality--not a passing grade.

▪ **I Incomplete Work**

Units attempted are included in GPA after a maximum of 1 year.

Indicates that the student did not fulfill the minimum requirements of the course and has performed below the University Quality Standards.

Grading Key

Grade	Percentage	Grade Points
A	100– 96.00	4.00
A-	95.99 - 90.00	3.75
B+	89.99 - 87.00	3.25
B	86.99 - 84.00	3.00
B-	83.99 - 80.00	2.75
C+	79.99 - 77.00	2.25
C	76.99 - 74.00	2.00
F	74.00 Less than	0.00
IP		0.00
I		0.00

Academic Standing

CGPA Range	Academic Standing
0.00 -1.99	Fail (Cannot Graduate)
2.00-2.24	Pass (Cannot Graduate)
2.25 -2.74	Poor (Cannot Graduate)
2.75 -2.99	Satisfactory (Cannot Graduate)
3.00 -3.24	Good
3.25 – 3.74	Very Good
3.75 -3.99	Excellent
4.00	Exemplary

The grade forms which accumulate the final registered grades, signed by the concerned instructor in a particular course, are signed by the Registrar, the concerned Program Coordinator and the Dean of College. The Vice President of Academic Affairs is responsible for checking grades of students to make sure that the grading form is accurate and ready for release to the student community.

Incomplete grade

All students are expected to accomplish the course work requirements, including the final exam, in order to earn a final grade successfully.

Students who do not attend the final exam due to serious and exceptional reasons, such as:

- a- Emergency Illness
- b- Road Accident
- c- Death of next of kin
- d- Official/Governmental Mission

Can apply for an Incomplete Exam within the Registration Department. However, the request for an Incomplete Exam can only proceed upon the approval of the Course Instructor, College Dean and Provost. Only students who achieve the satisfactory course work requirements and are not dismissed under any grounds (disciplinary/attendance) can be considered for an Incomplete Exam.

Once approved, a grade of "I" will be recorded on the student's transcript and will be pending until the end of the second regular semester, otherwise the grade of "I" will be reverted to "F" or to the grade as assigned by the Academic Instructor. Students may request for an extension for the Incomplete Exam by submitting a written extension request to the College Dean, which is subject to approval or rejection.

It is the student's responsibility to coordinate with their Academic Instructor to reschedule the date of the Incomplete Exam.

Students are unpermitted to register for a course with a grade of "I" on the following semester.

Grade Appeal

A Grade Appeal applies when a student suspects that an incorrect or unfair grade has been assigned to his work, and has to be supported by evidence. Student are required to comply with the below policy:

First: Discuss the issue with the concerned instructor

Second: Unless convinced by the instructor, the student may seek arbitration from the Department Chair and the concerned Dean.

Third: Unless a resolution is attained, the student may request a Grade Appeal Hearing to the Provost with an ad-hoc Grade Appeal Committee.

- The responsible Dean will respond in writing to the grade appeal in 7 working days from date of receipt of the appeal.
- The ad-hoc committee which consist of college dean/Chair of department, university registrar and student affairs manager shall meet and decide upon the student's grade appeal

No further review shall be made upon the decision of the grade appeal ad-hoc committee

Grade Appeal Procedure:

- a- Grade appeal is accepted from the student after submitting the grade appeal request and payment of grade appeal fees to the Financial Affairs Department.
- b- The grade appeal form is forwarded to the Dean of the appropriate Department.
- c- Dean releases the form to the teaching faculty of

the subject in the semester.

- d- Faculty scrutinizes the appeal comparing with final result.
- e- Faculty writes his observations at the back of the paper justifying changes, if required, or hold the present grade.
- f- Faculty forwards observations to the Dean of the College, through Deputy Dean or Program Coordinator.
- g- Grade appeal form along with the comments and observations of the faculty member shall be submitted to the ad-hoc committee for review and final decision

In Progress grade

An "IP" (In Progress) grade is assigned to students who could not finish their Internship/Capstone within the same semester. In this case, their Supervisor and Associate/College Dean need to submit an "IP Grade Form" to the Registrar Office during the grade publishing period to record the "IP" grade on the student's transcript.

Students are expected to finish the course requirements of the Internship/Capstone before the deadline agreed with the Supervisor and Registrar, otherwise, the "IP" grade will revert to "F".

It is the student's responsibility to coordinate with their Supervisor to accomplish the Internship/Capstone requirements and meet the deadline.

Pass/Fail grade

When students obtain a Pass/Fail grade, a "P" grade is granted if they obtain a percentage equal to "C" or higher. This will be counted towards their credit but not their GPA. However, an "F" grade is equal to 0.0 points and the student is considered to have failed the course, which affects their GPA.

W/WF grade

If a student withdraws from a course after the add/drop period and before mid-semester, a grade of "W" will be posted on their transcript. A "W" grade is not posted on the student's GPA. If they withdraw after mid-semester, a "WF" grade will be posted on the student's transcript and will affect their overall GPA.

FA grade

Students who exceeded the limit of absence and get dismissed from a course will receive an "FA" grade "Failure due to Absence" on that particular course and will be computed on the GPA.

XF grade

The XF grade is recorded on the transcript of student who upon the decision of the cheating committee caught cheating. The XF grade indicate the failure of the student on specific

course due to a cheating case and the grade is equal to 0.0 points which affects student GPA.

Repeating courses

Students are permitted to repeat a course with a grade less than B; upon the approval of the Program Director, College Dean and the availability of the course and seat. Students are not permitted to repeat the course at another institution or through Independent Study.

In this case, the higher received grade will be posted on the student's CGPA.

If the student registered for a Free Elective and did not pass or the course was removed from the program study plan, the student may study another Free Elective, upon the approval of the College Dean.

Students who gain a scholarship or financial aid should visit the Student's Affairs Department prior to deciding to repeat a course as the University will not cover the monetary expenses of the repetition of any course at AUE.

Degree completion and graduation requirements

To graduate from AUE at Graduate level every student is responsible for:

- a- Applying for graduation.
- b- Completing all courses as described in the study plan.
- c- "Incomplete" grades are given to non-fulfilled requirements of the Master Degrees. Students must reapply for graduation in the following semester when the final grade has been officially recorded.
- d- Successfully completing all the program requirements without exceeding the allowed time frame, including the apprenticeship.
- e- Have official transcripts from previous Institutions on file for Admission and Records.
- f- Earn at least a GPA of 3.00 on a 4.00 scale on any transfer coursework.

- g- Complete and submit the "Clearance Form" to the Admission and Registration Department.
- h- Earn a CGPA of 3.00 out of 4.00 to graduate from an undergraduate program.

Important: As the University is committed to improving its academic programs, course code, course prerequisite, course requirements and content may change. Thus, all students must fulfill the most recent program requirements.

13. Graduation Procedures

Applying for Graduation

Once the Graduation Ceremony is announced, all students who are eligible to attend the commencement exercise will be notified by email and phone to visit the Registration Department, complete the "Graduation Application Form" and all other requirements, such as, gown measurements and yearbook photograph. However, students must respect the deadline to submit their application for processing. Students who do not wish to attend the commencement ceremony must submit the request to the Registrar Office and complete the "Absentia Form". In this case, the student will not receive any additional or supplementary items from the University for the Graduation Ceremony (gowns, caps and yearbook) and will not be allowed to participate in another graduation ceremony of their degree.

Degree Audit

Prior to announcing the final list of students who will participate in the Graduation Ceremony, the appropriate college academic will conduct a preliminary degree check and maintain a checklist of degree requirements and then forward the application to the Registrar's Office. The Registrar will perform a degree check of their own and notify the student of whether they are on track to graduate. The degree audit is a reliable process, hence the degree requirements are reviewed on a regular basis.

Degree Lists

AUE only confer degrees to students who complete degree requirements. Candidates on the degree list are submitted to the College Dean, Registrar and Provost for approval and ultimately to the Board of Trustees. However, the Degree Certificates are confer to students upon the Board of Trustees approval and by the end of each academic semester.

Names on degree

AUE will issue certificates to graduated students in English and the names will be spelled as per the passport or Emirates ID card copy.

Course Description

Master in Knowledge Management

Core Courses:

Course Name: Information and Knowledge Management in the 21st Century

Course Code: KMI 600

Credits:3

Description:

It was not till the late 1990's that Chief Executive Officers began discussing Knowledge Management. Since Knowledge Management as a practice is relatively young, many executives have struggled with successful models that could be used as guides. In this course, you will gain an understanding of several key issues that knowledge workers deal with. We will also review current trends in Knowledge Management including but not limited to:

Organizational focus and investments in knowledge management.

A company's knowledge strategy and how it reflects the competitive strategy.

The role and impact of automation on knowledge workers.

This course uses readings, case studies, personal projects and discussion to expose students to the field of Knowledge Management. The course introduces you to the historical roots, theories, beliefs and frameworks in the field of Knowledge Management. You will also learn to determine the infrastructure requirements to manage intellectual capital. Additionally, you will learn about the role and skill

set of today's knowledge professionals.

Course Name: Knowledge Assessment and Evaluation

Course Code: KMI 601

Credits: 3

Description:

It would be very challenging to understand where an organization needs improvement without establishing a baseline. You learn the purpose of a knowledge audit. This includes the steps involved with identifying, evaluation and rating critical process knowledge, the various audit methods available, and how to audit and analyze a company's existing knowledge. You will understand and practically apply the formulation and planning, human capital mapping, internal knowledge markets and incentives.

You will build upon the foundation of Knowledge Management to apply knowledge principles and peer perspectives to current state as we begin developing knowledge strategy. You will then conduct a complete knowledge audit aimed at assessing the knowledge needs of your department/organization/institution. You will further understand control to gain competitive advantage in an organization.

Course Name: Knowledge Discovery and Findability

Course Code: KMI 602

Credits: 3

Description:

In this course, you will learn about organizing and presenting information to ensure it is easily accessible and relevant. The first part of the course focuses on metadata and metadata standards. You will review readings, case studies and gain a better understanding of taxonomies and search. You will then explore search, search tools, standards and look at traditional and innovative ways to use metadata.

In the latter part of the course, you will learn how to create a taxonomy including the logic, tools and processes that help drive productivity within an organization. Course activities will include weekly interactive lectures, readings, case studies and discussions. You will be assessed on participation and the quality of the discussion. Additionally, you will complete two group assignments and a group presentation.

Course Name: Collaboration and Social Networks

Course Code: KMI 603

Credits: 3

Description:

In this course, you will explore collaboration and communities of practice from a theoretical and practical perspective. This course will review personal networks and social networks, the natural lifecycle of communities and best practices for cultivating and sustaining communities. You will also gain extensive insight into the latest trends on the web and a range of methods from predictive analysis to social marketing. You will learn how to facilitate knowledge sharing and transfer within and across organizations.

In the spirit of collaboration, this interactive course will provide you with opportunities to work in a group and participate in a peer review.

Course Name: Organizational Culture and Impacting Change

Course Code: KMI 605

Credits: 3

Description:

“Culture eats strategy for breakfast”- Peter Drucker

How do effective leaders influence organizations and individuals to move in a direction? How do knowledge managers shape individual behavior and drive adoption and engagement? Successful KM Leaders must work with Leaders to drive change. They are often the catalysts in initiatives towards operational excellence.

In this course you will gain theoretical and project based learning of organizational change and leadership styles that support change. You will gain an understanding of the complexities of work cultures and how they impact a knowledge organization. Culture impacts and influences the way people work, decision making, communities of

practice and knowledge sharing. Then, you will explore change management strategies and tactics for different types of change, aligning stakeholders behind the vision and understanding and overcoming resistance to change. You will gain practical skills in leading interventions, change management frameworks and maximizing opportunity, measuring and realizing value throughout change initiatives aimed at making your organization more agile. Throughout this course, the objective will be to prepare Knowledge Management professionals to meet the challenges of organizational change successfully.

Elective Courses:

Course Name: Business Analytics and Strategic Intelligence

Course Code: KMI 604

Credits: 3

Description:

Information and data are growing at an exponential rate. Analytics allows us to explore science and human behavior. Businesses and governments require effective strategic intelligence to track competition and manage and disseminate knowledge. For example, Capital One Bank uses analytic capabilities to match credit card offerings to customers more accurately than their competitors. Walmart uses analytics to monitor and update its inventory in a way that allows it to serve its customers at an exceptionally low cost. Companies like Apple, Google, Amazon, Walmart, Netflix and many other leading-edge companies are highly successful because they make very good use of the data they collect. In this course, will you explore how to turn data into information and then into knowledge, which in turn translate into actionable insights. You will learn to identify and evaluate business analytic opportunities that can create strategic value for your organization. Additionally, you will learn basic analytic methods and analyze case studies on organizations and institutions that have successfully developed these techniques. Finally, you will review challenges that arise in implementing analytical capabilities and gain practical skills to help drive knowledge initiatives that enable organizations to be more data driven and impacting effectiveness.

Course Name: Building Effective KM Strategy and Services

Code: KMI 606

Credits: 3

Description:

There is no such thing as Knowledge Management; there are only knowledgeable people. Information only becomes knowledge in the hands of someone who knows what to do with it. Peter Drucker

This course will examine how knowledge services are designed, developed and implemented with sound governance and knowledge culture considerations. We will build on the knowledge audit that you developed in course

KM 601- Knowledge Assessment and Evaluation. This course will draw on examples from various organizations on strategies for building a successful knowledge strategy and services for an organization or institution.

Course Name: Research Methodology

Course Code: KMI 608

Credits: 3

Description:

This course is designed to introduce to nature, scope and the significance of research methodology. The course includes primary and secondary research methods with application to specific problems. You will use methods that are employed in both qualitative and quantitative research methods for individual investigation on current problems in knowledge management. You will complete an individual research proposal based on a topic in knowledge management, using the course's assigned textbooks and select peer reviewed sources.

Course Name: Enterprise Wide Application and Portfolio Project Management

Course Code: KMI 610

Credits: 3

Description:

In this course you will study introduction to enterprise

wide applications such as intranets, content management systems, search and social media. The course will also explore Enterprise Resource Planning (ERP), Customer Relationship Management (CRM) and Enterprise Content Management (ECM) systems. Off the shelf systems are often expensive and very complex. Organizations must make decisions about whether to buy off the shelf systems or customize and adapt and in some cases, build from scratch. It is important for knowledge managers to understand the options, complexity of these systems and organizational goals.

In this course, you will examine case studies in this key area as well as feature guest speakers related to the digital workplace. You will further explore how CRM systems interact with other knowledge systems, roles and responsibilities. Additionally, you will gain insight into implementing single projects and portfolios of enterprise tools. By examining case studies on actual implementations of these key systems, you will have focused discussions on what these systems are, how they work and key Knowledge Management considerations. You will also work in a group combining individual projects to develop a roadmap for the implementation of an enterprise wide portfolio

Course Name: Knowledge Management Systems and Implementation

Course Code: KMI 612

Credits: 3

Description:

Today's complex systems often produce complex information needs that require new technical communication methods and tools. This course surveys Knowledge Management systems that enable the access of knowledge assets. There are several categories of Knowledge Management systems semantic networks, content management, groupware systems and KM 2.0, intranets, extranets, document management system, data warehousing systems. You will also look at implementation of a Knowledge Management system. The business and system issues associated with the analysis, design, construction, deployment, management and evaluation of Knowledge Management systems are addressed.

A Knowledge Management system can enable your business to make better decisions. A Knowledge Management system focuses on both explicit and tacit knowledge. Many publishers use content management systems (CMS) to constantly update web pages and properties with fresh content to engage web visitors. In your role as a knowledge professional, it is quite likely that you will be involved in the implementation of a new tool and it is important to think strategically about this tool and the enterprise architecture.

There is a growing need in the labor market for experts who with the ability to recognize and understand the needs of a Knowledge Management system and skills to implementation and organize content in such a system.

Course Name: Foundations of Document and Record Management

Course Code: KMI 613

Credits: 3

Description:

Knowledge of Document Management and Records Management are key processes for anyone working in Information Management. The course will also introduce students to the records lifecycle, ensuring students can reconcile the physical and intellectual considerations related to curating, managing and preserving digital materials from a Knowledge Management perspective. With the growth of big data and internet records we will further explore how we manage social media, Web 2.0 and instant message records and also understand the role of knowledge managers in this key area.

The course will involve lectures, case studies and insight into key practices related to managing and procedural frameworks in implementing a document and records management solutions.

Course Name: 7. Innovation – Ideas to Profitability

Course Code: KMI 615

Credits: 3

Description:

Gaining and sustaining competitive advantage in today's environment requires organizations and institutions know how to innovate. The ability to think creatively and turn ideas into action helps organizations stand apart from their competitors. As a Knowledge Management professional, it is important to foster innovation in knowledge initiatives. The goal of this course is to help develop your skills and teach you tools and techniques to create innovative products and services in your organization.

In this course, you will examine three main phases: exploring and discovery, executing and design and leveraging and renewing innovation through delivery. You will focus on developing new ways of thinking and opportunities to apply these ways of thinking through a course project and various class exercises.

During this course, you will go from idea to reality. Collectively, we will start with about 500-750 rough ideas and, through a variety of structured techniques, you and your smaller team will then refine them into approximately a dozen finished concepts. The purpose of this exercise is to give you a "live case" example of an innovation process that can be used to explore how to boost innovation in your organization. Additionally, throughout the course you will examine and learn through lectures, case analyses, visiting experts, relevant readings and student presentations.

Course Name: Information Architecture

Course Code: KMI 616

Credits: 3

Description:

Structuring online content is essential so that people can easily find what they are looking for. This course introduces you to concepts and practices in Information Architecture as well as basic elements of user experience design (UXD). Students will learn the broader context of Enterprise Architecture and develop practical skills to compare, analyze and design information architectures. The focus of Information Architecture is the structure and organization of content in an intranet, knowledge hub, website, mobile app, or other knowledge system with the goal of improved findability. Information Architecture is essential as it provides consistent taxonomies, metadata, search functionality and structured vocabulary with the user in mind.

The course will have a group and individual component.

For the group component, students will analyze a website from an Information Architecture perspective in a small group as well as conduct user research. For the individual component, you will select a target intranet or website for design, create the Information Architecture design and develop a presentation showing the process and workflows.

Capstone Project

Course Code: KMI 620

Credits: 3

Description:

College of Security and Global Studies

(CSGS)

The mission of the College of Security and Global Studies is to educate students in the knowledge, skills and perspectives necessary for future careers in their respective specialties, prepare students for life-long learning and/or advanced study in mass communications- related disciplines, and diplomacy, provide a strong liberal arts education, and achieve recognition among professionals, public organizations/agencies and scholars as a pre-eminent program in mass communications and diplomacy education, research and service.

The CSGS programs empower students through a sustainable environment of academic practices to meet challenges of a collaborative and competitive environment that provides opportunities of cultural inclusiveness, internationalism, and higher education.

Offered degree programs

CSGS offers the following programs:

Master of Arts in Diplomacy

Winston Churchill, the former prime minister of UK once said: "Diplomacy is the art of telling people to go to hell in such a way that they ask for directions." As diplomats are dealing with major disputes in the world from trade

disagreements to armed confrontations, it is crucial for them to be tactful when dealing in these matters. In negotiations, a diplomat is trying to get the best possible deal in the best possible way, making sure the interests of the home country are protected. Representing your country comes with great responsibilities and the Master's Program in Diplomacy prepares you to have a leading role in the public or private sector where your knowledge of international relations, your skills in negotiations and your abilities of critical thinking will lead to great successes. Have you always dreamt of a career at the foreign service, an international organization or at a multinational company?

The Master's in Diplomacy is the stepping stone to let these dreams become reality.

In recent years the UAE has excelled in foreign policy and diplomacy by stepping forward to host the headquarters of first ever Center of Excellence for Countering Violent Extremism (Hedayah) and of the International Renewable Energy Agency (IRENA). To top it off, Dubai will be hosting the Expo 2020 under the theme of "Connecting Minds, Creating the Future" displaying the strength of partnerships and co-operations that has made UAE to the driven force in development and innovation. To maintain the high standards, skillful, talented people striving for perfection will be needed. The Master's in Diplomacy is a unique program to prepare you for becoming the front-runner dealing with international relations.

Thesis (6 Credits)

The Master's thesis in Diplomacy functions as the closing part of the study. It is meant to stimulate students in acquiring and in-depth knowledge and insight in a specific subject of interest to the students. The emphasis lies in the critical choice of method, in the creation of a relevant theoretical frame of reference, and in the extensive analysis of the theoretical and empirical material in which the students will contribute to the literature in a chosen field of interest. The methodology discussions must be clearly connected to the chosen area and well-integrated as a harmonized unity. The length of the Master's thesis typically ranges from 40 to 60 pages. An evaluation and assessment of the MA thesis will be conducted by the concerned supervisor or by another member of the program faculties. The thesis should be marked by the supervisor and reviewed by the external examiners.

Thesis (3 Credits)

The Thesis is an individual research study in the field of security and intelligence. It builds upon the completion of successful courses of 30 credit hours. The Thesis is a mandatory component of the degree. The field of Intelligence and Security requires research innovation; therefore, the use of qualitative, quantitative, and comparative research approaches is expected to be applied to a topic of the student's choice. A clear identification of lessons learned and recommendations will be incorporated into every thesis. The thesis must be original. It should contribute to the discipline areas of intelligence and security. The topic of the Thesis will be set with the assistance of an academic supervisor that will be assigned based on his/her specialization as it relates to the student's proposed topic of study. The Thesis will require verbal public defense as part of the assessment and part of the fulfillment of the class.

All students should refer to the CMMC Thesis Guide for reference and the Office of the Research and Advancement Publications (ORA) as leading Manuals.

Course Description

Master of Arts in Diplomacy

Bridging Courses:

Course Name: International Relations since 1945

Course Code: DIP 500

Credit hours: 2

Description

This course examines the evolution of the international relations since WWII with emphasis on the Middle East. Although the victors of the war organized a new international system, the Cold War (1947-1990) represented a major threat on the world peace. The Middle East was not immune to the tensions between the two superpowers.

Course Name: The World today

Course Code: DIP 501

Credit hours: 2

Description

This class focuses on the current world affairs. It combines structural (such as demographics or environment) and conjunctural (ongoing tensions and conflicts) issues. Case studies will be selected by the instructor.

Core Courses:

Course Name: The Art of Diplomatic Negotiations

Course Code: DIP 600

Credit hours: 3

Description:

This course acquaints graduate students with negotiation, mediation, and good offices techniques in diverse settings. Attention is given to different styles of negotiation, different phases in the negotiation process, and to the negotiating environment. This course aims to develop conflict resolution theory, peacekeeping and peace building. It focuses on threats, opportunities and strategies that cover the many dimensions of change since the end of the cold war. In addition, this course discusses the importance of communication skills, persuasion, and cultural differences.

Course Name: Diplomacy in the Gulf States

Course Code: DIP 601

Credit hours: 3

Description:

This course focuses on Gulf states (UAE, Bahrain, Saudi Arabia, Oman, Qatar, and Kuwait) with regards to major issues in the world, mainly Oil, Gas, the situation in Iraq, Afghanistan, Palestine, terrorism, relation with the U.S, the E.U, China and Russia; ties with Iran, and the dynamics of the GCC.

Course Name: *Research and writing in Diplomacy*

Course Code: DIP 602

Credit hours: 3

Description:

This course intends to equip the Masters students with the methodology that they need to conduct personal research in the field of Diplomacy. Emphasis is put on qualitative research, yet the students will also learn to master basic quantitative research. The class focuses in-class exercises on specific aspects of methodology. The weekly reading initiates the students to some particular aspects of research in diplomacy.

Course Name: *Theories of International Relations*

Course Code: DIP 603

Credit hours: 3

Description:

This is a theoretical course where students will learn about various types, forms, evolutions, historical roots and underpinnings of different theories with analyzing issues and events of global politics. Theories of International Relations explains all major theories used in IR; both modern and contemporary.

Students will debate and discuss the methods, approaches, paradigms in IR theory and their use and applications in understanding foreign policy, global conflict, wars on terrorism, search for peace and so on.

Elective Courses:

Course Name: *Intercultural Communication*

Course Code: DIP 604

Credit hours: 3

Description:

This course examines the communication processes involved when individuals or groups from different cultures or subcultures attempt to interact. The course addresses possible sources of misunderstandings in intercultural communication, (e.g., time/space factors, linguistic and nonverbal factors, and ethnocentric communication) along with communication problems encountered by persons engaged in personal or professional intercultural contacts. The course also analyzes the communication concepts through theoretical and methodological tools in order to develop an intellectual and ethically informed sense of self-awareness in relation to the outside world.

Given the professional orientation and career specialization of most students in the College of Media and Mass Communication towards either Diplomacy, or Media, or Radio and TV, this course puts special emphasis on a combination of everyday as well as workplace applicability of its concepts and insights.

During and ever increasingly towards the end of this course, students should feel enabled and empowered to handle situations, issues and challenges of intercultural communication and interaction on a personal and group level, and in all kinds of straightforward as well as complex settings.

This practical and professional focus accounts for some slightly more “managerial” choice of material and readings (for instance the second main textbook used). To provide humanistic, cultural and communicative depth and breadth, literature and film elements are supplied in the classroom, further readings, and audiovisuals.

Course Name: *International Law and Diplomacy*

Course Code: DIP 605

Credit hours: 3

Description:

This course examines the different aspects of International Law and its application in Diplomacy. It will reflect on the primary issues of public International Law, inclusive of the decision-making process within the United Nations (UN). It will unravel an understanding of what is required of diplomats for their effective participation in developing principles. The course also introduces students to international criminal tribunals, international human rights, current challenges to human rights, nature of state sovereignty and protection of human rights. It will also examine the significance of advocating inter-regional, national, and international ideas at international forums.
